

CRV Spare Tire Cover Installation

HandA-Accessories.com

1. Open velcro section at top of cover.

4. Slowly work the cover down over the tire until the hard back of it is flush against the tire

2. Slide top of cover over top of tire and reattach velcro.

5. Continue to work the cover over the tire until the elastic is securely over the tire holding it firmly in place

3. Make sure cover is on straight before proceeding.
